TR Bulb, Table Lamp

Product Type

Table Lamp

Environment

Indoor

Dimensions (cm/ in)

H: 41 cm / 16,1"

Ø: 20 cm / 7,9"

Colors

Grey Marble

TR Bulb is a clever solution for modern city living, inspired by the way people are increasingly becoming urban nomads, moving between cities and countries to pursue careers and life experiences. The first collaboration between MENU and Tim Rundle, TR Bulb is designed to be taken from apartment to apartment – installed by simply screwing it into the pendant sockets hanging in ceilings all over the world, no electrical expertise required. The dimmable LED bulb, with its elegant, spherical form hides the lamp fitting, while the opal glass diffuser creates an even, harmonious glow, preventing glare. The accessories in the series are likewise driven by the need for portability – so the wall bracket can either be wired in, or hung from a nail like a picture, with a cable plugged into a wall socket.

About the Designer

Tim Rundle Studio is a London based industrial design practice working in the field of product design, as well as interiors and consultancy. Originally from New Zealand, prior to establishing his studio in 2015, Tim led the product design teams at Tom Dixon and Conran & Partners. 'A great product should look as good and work as well in the real world as it does in a photoshoot,' he tells us. 'It should positively but quietly add to the atmosphere of a real space without shouting for attention.'

TR Bulb, Table Lamp

Ø: 20 cm / 7,9"

H: 41 cm / 16,1"

Production Process

Designed for longevity, TR Bulb uses LED technology, which, with normal use, should last many years. The globe is constructed from white opal glass, and the core structure is made from aluminum to draw heat away from the LED, allowing the bulb to run at its optimum temperature. Accessory fittings are made from marble and steel.

Materials

Opal or Shiny Glass, Powder Coated Steel and Marble. Natural materials are subject to variations, therefore every single product is unique.

Weight item (kg/ lbs)

1,7 kg / 3,75 lbs

Voltage (V)

100 -130 V

Light Source & Energy Efficiency Class

E26 (Included) , MAX 6 W, A+

Light Specification

504 Lumen

2700 Kelvin

Ra > 80

Dimmer

Yes.

Canopy

No.

Cord Material and Color

Textile, Black

Cord Length (cm/ in)

200 cm / 78,7"

Classification

CE and IP20

Certifications

LVD: EN 60598-2-4:1997;
EN60598-2-1:1989; EN 60598-1:2015; EN
62493:2015 EMC: EN 55015:2013 +
